

Custom Manufacturing

HIGNEY INTERNATIONAL

Designed by operators. Built by artisans.

WHO WE ARE

We don't just design hospitality spaces. We've run them.

Higney International brings 25 years of hands-on venue operations to every piece we create. Our custom manufacturing division works directly with master craftsmen in Vietnam and Indonesia to produce furniture, fixtures, and equipment that doesn't just look beautiful — it survives the realities of commercial hospitality.

Every design decision is informed by decades of operating beach clubs, restaurants, and luxury hotels across four continents. We know what breaks, what fades, what guests actually use — and we build accordingly.

Capabilities

Seating & Lounging

Dining chairs, barstools, lounge chairs, daybeds, and custom banquettes. Hardwood frames, marine-grade upholstery, UV-resistant finishes built for outdoor commercial use.

Cabanas & Structures

Daybed cabanas, pergola furnishings, and poolside structures designed to withstand coastal weather while maintaining luxury aesthetics.

COM & Custom Finishes

Customer's Own Material program. We work with your specified fabrics, leathers, and finishes — or source from our curated library of commercial-grade textiles.

Tables & Surfaces

Dining tables, cocktail tables, side tables, and bar tops. Solid hardwood, stone, composite, and marine-grade materials. Custom dimensions for any layout.

Bars & Millwork

Custom bar facades, reception desks, host stands, and built-in millwork. Full shop drawings provided. Designed for efficient service flow.

End-to-End Delivery

From concept sketches to containerized shipping. We manage manufacturing QC, export documentation, ocean freight, and last-mile delivery to your project site.
